

Your smart personal assistant.

One app for everything your day needs. Real people, directed by artificial intelligence.

مدير أعمال · منصة واحدة لجميع احتياجاتك اليومية

Artificial intelligence, with *real people* behind it.

Tell your assistant what you need, in the app or on WhatsApp. AI assigns a trained delegate, and you watch it happen live.

📖 All of Qatar

On the way

Why our delivery *stands out*.

01

Starts in minutes

Processed the moment you confirm.
No waiting. No follow-up calls.

02

One accountable assistant

A trained delegate, from pickup to handover.
Clear ownership. No hand-offs.

03

Live, on a map

Follow your delegate in real time.
You always know where your order is.

04

We shop, not just carry

Your delegate buys it, checks it, brings it.
Skip the trip entirely.

05

Returns and exchanges

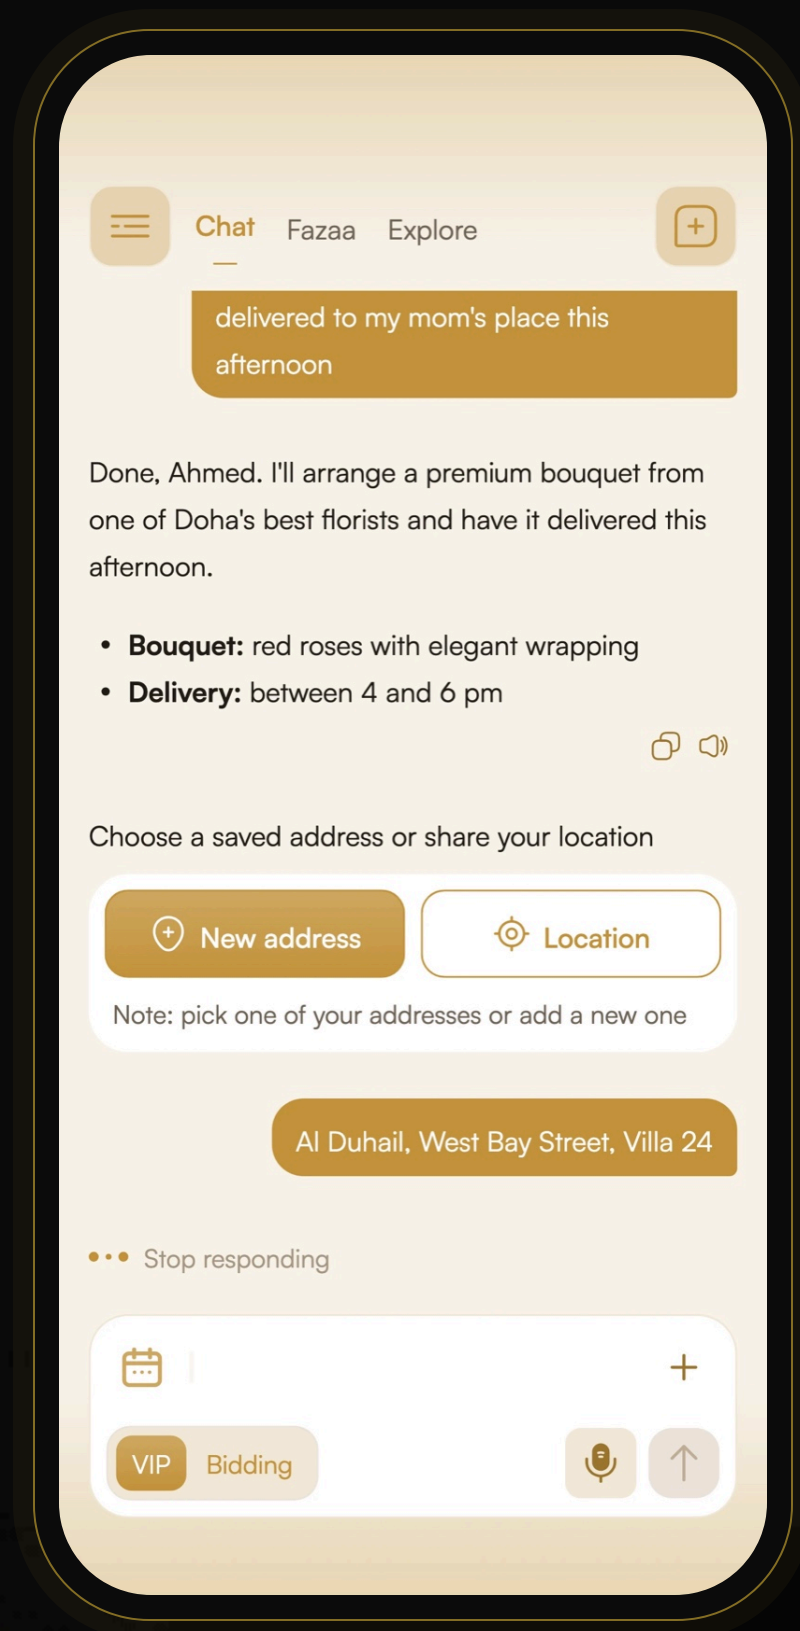

Wrong item? We go back to the merchant.
A mistake costs you one message.

06

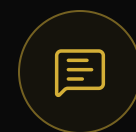

Your way: VIP or Bidding

VIP: we do it all. Bidding: you compare offers.
Comfort or value. You decide.

From message *to doorstep.*

Every delivery follows the same five stages. You see each one in the app as it happens.

1 You ask

Type or speak. "Send mom a bouquet this afternoon."

2 Your PA confirms

Item, address, time and budget, checked with you.

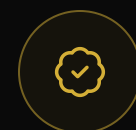

3 A delegate is assigned

A trained assistant accepts and heads out.

4 Picked up

Your status changes to "On the way".
